Oil & Gas

## STORK Technical Services – Trinidad & Tobago

Supply of MCU Coatings for demo

**Surface Preparation** – Power tool & Wet abrasive blasting

**MCU system** – Miozinc @ 5-6 mils @ topcoat @ 2-3 mils

**Miozinc was applied to flash rusting & damp surface**

**A hose was used to spray water on surface before application of miozinc primer and again seconds after application only using a brush, clean absorbent cloth and MCU Quickcure**
